### Writing (Page 53)

A. Do you have a 'dream' or something you very much wish to do? Write a paragraph saying what you want or wish to do. Then say (in another paragraph) how you think you can make your dream come true.

Ans:

Dreaming is a common and natural activity of the mind when we are asleep. But the word 'dream' also means ambition, a keen desire in life. In that sense, I have a modest dream. I wish to qualify for the medical profession. To me, a doctor ranks next to God as protector of life. He provides relief to the crying patients. He cures diseases. He helps a patient recover from illness, and be happy and live a full life. I wish to be a doctor to help the poor patients, to bring smile on their faces.

I know that my dream is not easy to realise. I need not only a brilliant mind but also the means to pay for my studies. Nevertheless I am determined to pursue my goal. I hope to do well in the entrance examination. As for the financial help, I will get it from some bank.
