- 2. Look at the sentences below.
- (i) Bijju wandered into the garden in the evening.
- (ii) The trees were ringing with birdsong.

Notice the highlighted verb.

The verb wandered tells us what Bijju did that evening. But the verb was ringing tells us what was happening continually at same time in the past (the birds were chirping in the trees).

Now look the at sentences below. They tell us about something that happened in the past. They also tell us about other things that happened continually* at the same time in the past.

Put the verbs in the brackets into their proper forms. The first one is done for you.
